Title: Kent Foundry - Conflict Minerals Policy	Document Id: Q-080-007	Effective: 7/1/2015 Version: 2 -	Page: 1 of 1 Status: Published
--	----------------------------------	---	---

Conflict Minerals Policy Statement:

Kent Foundry is committed to environmental and social responsibility throughout our business, and abide by the legislation set forth in the Dodd Frank Act and by the EICC. The tin that Kent Foundry uses for alloying our cast products is produced from conflict-free smelters. These smelters are not located in area of conflict nor do they receive tin concentrate from conflict regions.

Please refer to our suppliers EICC/CFSI reporting template for additional information regarding their / our tin sourcing and the smelters the tin comes from.

Should you have any questions, please contact Steve Ziny sziny@kentfoundry.com

Sincerely,

Steve Ziny
Plant Engineer
